Assignment Tests: Assignments for each subject are provided every two days to enhance practice and proficiency. This regular practice ensures a thorough understanding of all topics.

Weekly Tests: Students take a comprehensive NEET model test every week, improving time management skills and identifying areas for improvement to ensure they are well-prepared for the exam.

Monthly Tests: Covering the syllabus completed in that month, these tests reinforce knowledge and ensure students consistently revise what they have learned.

Error Tests: Faculty analyze exam performances from the past five to six weeks to identify challenging areas. Based on this analysis, chapter-wise and concept-wise error tests are created to help students overcome their weaknesses.

Grand Tests: Grand Tests are conducted before the main NEET exam. Faculty analyze students' performance, identify areas of improvement, and provide targeted guidance to enhance their confidence and readiness for the final exam.
